

March Is Colorectal Cancer Awareness Month

If You Remember
Elvis, Motown and
Rock-n-Roll...

It's Time For a Colonoscopy!

Colon Cancer: Preventable. Treatable. Beatable. Did you know that Wyoming and Livingston Counties have the highest incidence of Colon Cancer in New York State? Are you aware that the American Cancer Society recommends that all persons over age 50 be regularly screened for colon cancer? Did you know that early signs and symptoms of colon cancer may not be noticeable? Screening saves lives. So why take the chance? Make an appointment today.

Contact your primary care physician or
call us at 585-786-8940, Ext. 4601.
