**WYOMING COUNTY COMMUNITY HOSPITAL'S (WCCH's) MEDICAL DIRECTOR RECEIVES
RECOGNITION FROM CASTLE CONNOLLY MEDICAL LTD. AS A 2015 TOP DOC**

Warsaw, New York, January 20, 2015 - Wyoming County Community Hospital's Medical Director and Obstetrician-Gynecologist, Scott Treutlein, MD was recognized in the January 2015 edition of *Buffalo Spree* magazine as a 2015 top doctor.

Buffalo Spree publishes Castle Connolly's top doctors list annually to help consumers find the best healthcare. Open to all licensed physicians, the top doctors who are listed were nominated by their peers in an extensive survey process of thousands of American doctors. These Top Doctors' medical educations, training, hospital appointments, disciplinary histories - and much more - are screened by the Castle Connolly physician-led research team. Those doctors who are among the very best in their specialties and in their communities are selected for inclusion.

Also receiving recognition was William N. White, II, MD, an Ophthalmologist with University Eye Specialists in Warsaw. Dr. White is also a provider at WCCH.

Awards were formally presented at an awards luncheon in Buffalo, NY on January 22, 2015.

Congratulations to Dr. Treutlein and Dr. White.

About Wyoming County Community Health System

Wyoming County Community Hospital is a rural, acute-care facility located in Western New York. It is the sole inpatient provider for the county, which has a population of approximately 44,000. In addition to an Acute Care Hospital, its services include an attached Nursing Home and Inpatient Behavioral Health Unit. Wyoming County Hospital has approximately 3,000 inpatient admissions per year and 12,000 ED visits per year.

Our mission is to provide outstanding healthcare services and to have a positive impact on the health of our rural community. For more information, visit www.wcchs.net.
